SONAS

BATHROOMS REIMAGINED

Reimagined by you, Designed by us

With over 45 years' experience, SONAS have evolved into a leading brand and designer of bathroom products. Our story has only been made possible due to the incredible people involved with SONAS, from our staff to our customers and the communities within which we operate.

Cultivated by a culture of curiosity and exploration, our product development team are driven to innovate and continuously reimagine bathrooms. Our product ranges have been meticulously considered to ensure you get the highest level of quality, style and unparalleled design that reflect the latest trends.

At SONAS, we know that your story and experience are unique to you. Our customer experience team are always at hand to advise and assist you while your experience is taking place and, even more importantly, after it's over. With a dedicated after sales team, we believe that once you're a customer, you're a SONAS customer for life.

So, let's start your story and reimagine what's possible for your bathroom.

SO, let's get planning!

At SONAS, we believe your bathroom is a sanctuary; a personal space to relax and explore your true self. Your bathroom journey should reflect your creativity and personality. Your bathroom should capture your individuality and provide an intimate space for you to settle back and unwind in. To help you get started, we've developed a **5-step plan** to help you create your perfect bathroom. Follow our guide and take the first steps on your personalised journey.

1 Space

The most fundamental aspect to consider when renovating or designing your bathroom is your space. Your optimal design layout should be easy to use and functional. Ensure all your needs are catered for. Consider ergonomics as part of your design and make sure the layout works for you. Try to think beyond your current needs to imagine what your future requirements may be. Planning your space now will give you total comfort tomorrow.

2 Inspiration

Remember, this is your bathroom and it should reflect who you are. What's your style? Are you looking to create a contemporary, or modern design, or are you searching for something timeless? Once you've decided, start to visualise how you'd like your bathroom to look and how you want it to feel. Seek inspiration from our Instagram and social media channels. Explore interior design magazines & websites. Download our brochure for helpful design ideas. Imagine your dream bathroom and we can make it a reality.

3 Colour

Colour projects meaning and displays your frame of mind. Choosing the best combination of colours in your bathroom can bring together a variety of emotions such as happiness, calmness, intimacy, comfort, boldness or excitement. Different colours evoke different feelings and your choice of colour is based on your desired feeling. This is especially true for your bathroom and what you want to feel from this space. We have a wide range of colours throughout our product range that will awaken your creative self and reflect your personality. Bring your bathroom to life with tones and shades that speak for you.

4 Installation

No two bathrooms are the same and on-site conditions can vary. We recommend that you use an experienced and qualified professional to install your bathroom. Your qualified installer will provide the technical and practical advice needed. We have a nationwide retailer network who can assist you. We'll help to find the right installer so you can create your perfect bathroom.

5 Budget

Deciding on your budget in advance will help you in choosing a bathroom that works for you. This should also include a contingency for unforeseen issues, or last-minute changes. Having a professional installer survey your project before you commence can mitigate against any surprises. SONAS provide superior bathroom products at a reasonable price. Our range is versatile, high-quality and caters for all budgets.

Finally...

At SONAS, we know that creating your perfect bathroom can be challenging. There are many choices for you to consider and decisions you need to make. That's why we've developed a buying guide at the start of each product section. Taken one step at a time, this is a simple breakdown to help you find your perfect bathroom fit. SO, let's get started!

FURNITURE

Vanity units set the tone for the foundation of your bathroom design. Our SONAS furniture collection offers you a choice of contemporary and traditional styles to create your bathroom. All details of design have been carefully considered in preparing this collection for your home.

SONAS furniture ranges offer beautiful vanity units with distinctive features. Each style offers practical storage and provides a strong focal point in your bathroom. Customise your vanity unit with your choice of colour and finishing touches such as colour of handles to complement your brassware.

To complete the look, why not add a coordinated bath panel or universal wall column for additional storage.

Bathroom Furniture Guide

Wall Hung

Wall hung furniture gives the illusion of greater space and allows for easier cleaning of your floor. Before installation, ensure your wall can support the weight of the unit and that your pipework is fed through the wall, rather than the floor.

Countertop

The washbasin sits on top of the countertop unit. These units give you a modern, minimalist look. They also offer ample storage and allow you the opportunity to choose your own style, colour and shape of countertop washbasin.

Floor Standing

Floor standing furniture is installed directly on to the bathroom floor. These vanity units, which include the basin, utilise the area beneath the basin to provide you with a generous storage space.

Cloakroom

Ideal for smaller spaces, cloakroom units are the perfect combination of basin and unit. They offer essential storage without taking up much space, allowing you to keep your bathroom spares hidden neatly away from your guests.

Space Saving

Space saving units help you optimise your bathroom. Available in wall hung or floor standing, these vanity units are available in a variety of colours & styles, and provide a surprising amount of storage despite their compact size.

Storage

Keep your bathroom tidy and give yourself extra breathing room with a stylish storage unit. Units are available in wall hung or floor standing. Choose from a variety of colours & styles, from traditional to sleek and contemporary.

WC Unit

A WC unit is a simple and modern way to add a back to wall toilet to your bathroom while concealing unsightly pipework. These units also cleverly offer additional shelf space for your bathroom's finishing touches.

SONAS

SCANDINAVIAN COLLECTION

The SONAS Scandinavian Collection comprises eight distinct furniture ranges inspired by the natural landscape of the region. Together they represent clean, simple lines, and minimalism. Our designers have achieved both enhanced functionality and form. Within the Scandinavian collection explore the range of distinctive finishes and the alternative options of integrated or countertop basins with either gloss finish first class ceramics, or matt solid surface resin basins. The choice of muted dark hues, light neutral colours, and warm colours, creates a feeling that is warm an inviting.

FREYA

With a wide array of possibilities for your bathroom, FREYA is our most versatile range. Distinguished by its expansive colour range and superior design, FREYA features elegant lines and generous wash space with the option of integrated solid surface resin basin. Its inset metal angular handle delivers a sleek and subtle finish to your vanity unit. With FREYA you have the flexibility to achieve an end-result characterised by high levels of customisation. FREYA diverse range offers something for everyone. Take your time to explore mixing and matching, and give your bathroom a totally unique look.

FINLAND

If you want to bring a timeless design element with practical applications into your bathroom, FINLAND is the perfect choice. Boasting rectangular, straight lines and framed front, FINLAND is styled with a front pull handle. Characterised by its symmetry, FINLAND displays pure, unembellished clean lines, a testament to the splendour of uncluttered design. Available with a ceramic basin or as a countertop unit, that is complemented by the SKÅL duo-tone basins or AVANTI ceramic vessel basins. Choose FINLAND and surround yourself with pure elegance.

MALMÖ

Inspired by minimalist Scandinavian design and the northern winter, MALMÖ framed vanity unit blends modern design with natural elements. The distinctive MALMÖ features one wide drawer and an oak effect finish exposed open shelf. This floating vanity unit delivers great display and storage options with convenient access to your essential toiletries. The flexibility of MALMÖ allows you to choose a matt or gloss ceramic basin, or using a countertop that is compatible with the SKÅL basin range. MALMÖ's straight lines and front pull handle adds personality to your bathroom. Let the MALMÖ inspire your bathroom.

FJORD

Sophistication made simple. FJORD is one embellished piece that is creatively designed and intricately crafted for a unique appeal. The distinctive design feature is a single external drawer that hides a discreet second internal drawer. This innovative hidden and fully extendable, internal drawer with soft-close system provides a unique solution for storage of your personal items. Striking the perfect balance between contemporary design and innovation, FJORD modern chamfered edge and choices from countertops and integrated ceramic basins will add character to your bathroom.

KORA

FURNITURE

KORA joins the collection of modern Scandi inspired furniture ranges from SONAS. With rounded edges and robust handles, this solid and compact design from 50cm-60cm wide makes it ideal for mid-sized bathrooms. With a range of attractive colours in matt finish including the new addition of Sun Kissed Yellow, KORA can create a cheerful bright feeling in your space. The deep drawers offer ample storage, maximising the usable space with a U-shape design on the top drawer. The classic monochrome look can be achieved with the Matt Black handle or an option of the ever-popular Chrome finish. The choice is yours.

NEW COLOURS

SKÅL

Elegant and bold – the stylish dual-tone SKÅL countertop basin sits proudly on your selected countertop vanity unit. The organic shapes and ultra-sleek profile are achieved by Solid Surface, a natural resin material, with a silky-smooth touch and matt finish. SKÅL Basin showcases a modern, cutting-edge aesthetic. With the resin material, SKÅL embraces new forms - round, oval and rectangular. The palette is chosen to coordinate with the colours in the Scandinavian furniture collection. SKÅL spectrum of shades adds a touch of sophistication to your bathroom. Complete your look with our range of contemporary Freestanding or Wall Mounted Basin Mixers.

MIRRORS & LIGHTS

No bathroom is complete without suitable mirroring and lighting. Mirrors give the illusion of space, while the correct choice of lighting creates ambience. Our ranges with colour temperature changing LEDs help you select between a cool white light that invigorates or a warm white tone that promotes relaxation. SONAS mirrors and lights are available in a variety of shapes and sizes, including illuminated mirrors and mirror cabinets with overhead lighting.

IP44

(Water Ingress Protection)
An IP44 rating means your product is protected from solid particles over 1mm in size and low velocity water sprays.

ZONES

Electrics need water protection. A zone number signals likely water risk. A low zone number requires a high IP rating.

SOFT CLOSE

Soft close technology allows drawers and doors to close softly and slowly, preventing them from slamming shut.

COLOUR TEMPERATURE

A lower colour temperature produces a warmer, more relaxing glow and a higher colour temperature displays a cooler brighter light.

LED

(light-emitting diode) bulbs are more energy efficient and durable than standard light bulbs, often enabling up to 35,000 hours of use.

AMBIENT

Light is projected indirectly creating a multisensory bathroom experience. The LED source emits a soft, diffused light that helps to create a warm and inviting atmosphere in the space.

TOUCH SWITCH

As the name suggests, touch switches are activated by lightly pressing the on/off button.

DEMISTER

A preinstalled pad that heats up your mirror to prevent the build-up of steam and condensation, leaving your mirror fog free.

BLUETOOTH CONNECTIVITY

This allows devices to wirelessly communicate with one another. Play music on your SANSA Bluetooth Mirror while you get ready.

NEW RANGE

MIRRORS & LIGHTS

ECHO

Welcome to the world of Echo mirrors, where beauty and functionality merge to create a unique and transformative experience for your home. The range features five distinctive shapes: Round, Rectangular, Eclipse, Segment and Arena, each with its character and style.

The mirrors create a soft and calming halo of lighting, allowing you to get a clear view of your reflection without any harsh shadows. Powered by Samsung LEDs, with high performance and high efficiency, they optimise energy consumption making the lighting more sustainable.

So go ahead, choose your mirror, and let the Echo range reflect the best version of you.

SANITARYWARE

A toilet and washbasin are integral requirements in every home. These are the primary focal points of your space, and your choice will be central to creating your perfect bathroom. For the contemporary consumer, choice and the ability to create a unique aesthetic in the bathroom is important. Modern designs come in various shapes and styles. Select an enduring, stylish and quality solution from our SONAS ceramics collection.

SANITARYWARE GUIDE

Close Coupled – Open Back

A Closed Coupled Open Back style WC has the pan and cistern closely coupled together with the necessary clearance space for your waste pipe. This provides more flexibility for your pipework and can be easily accommodated within most bathrooms.

Close Coupled – Fully Shrouded

A Closed Coupled Fully Shrouded toilet has the pan and cistern closely coupled together. In this design, the pan is seen to meet with your wall. This allows you to conceal your bathroom pipework.

Comfort Height

The SONAS Comfort Height WC collection stands a little taller than regular height toilets. The additional elevation makes accessing the pan easier, and more comfortable to use.

Short Projection

These WCs are the perfect solution if you are short on space. They are standard toilets, but extend less. The SONAS range of Short Projection WCs allow you to maximise your space without compromising on quality and functionality.

Wall Hung

Wall hung toilets are installed by mounting them on the wall, resulting in a more spacious bathroom layout. To install them, a sturdy fast fix frame is placed behind the wall, which can support up to 400kg of weight. The flushing mechanisms of these toilets can be conveniently accessed through a push plate.

Back To Wall

Back To Wall toilets are a great space saving technique. The main difference between this style and the Closed Coupled toilet is that the cistern is concealed behind your bathroom wall, or placed in a furniture WC unit.

Countertop Basin

Countertop Basins positioned on top of a countertop unit or shelf are best paired with a tall basin tap, or wall mounted tap. The SONAS range of countertop basins are available in a variety of colours, shapes and sizes.

Full Pedestal Basin

Full Pedestal Basins are attached to your wall. Equipped with a floor mounted pedestal, these basins provide a shroud to conceal your pipework and easily harmonise with the rest of your space.

Semi Pedestal Basin

Semi Pedestal Basins are wall hung basins secured to a supporting wall. They conceal pipework that returns through the wall with a semi pedestal that does not reach the floor. These basins provide your bathroom with more floor space.

TAPS

The SONAS tap collection is designed to complement both contemporary and traditional bathroom styles. This innovative and durable range of high-quality taps ensure long lasting satisfaction.

Discover sustainable features in our selected ranges - Our ECO cartridge allows you to reduce water consumption without compromising on performance, while the innovative Cold Start Technology saves you energy. Together, they create the perfect balance of sustainable modern luxury.

Before you select your desired choice, please consult with a qualified installer to ensure your on-site conditions meet the minimum pressure requirement for your selection.

SONAS

Tap Guide

FINISHES

Chrome

Matt Black

Brushed Gold

Brushed Nickel

Available in selected ranges

BASIN

Basin Mixer

The basin mixer cleverly combines hot and cold water into an individual stream. This design ensures easy control of both your temperature and your flow using only a single lever.

Cloakroom

The cloakroom is a more compact version of the basin mixer. These taps can be paired with our stunning range of cloakroom vanity units and are perfect for smaller spaces.

Basin Taps

Mounted onto the basin and sold as a pair, basin taps have separate taps for your hot and cold water. Basin taps are available in both traditional and modern styles.

TAPS

Free Standing

A stylish, elegant and contemporary tap choice for countertop basins without a tap hole. Free Standing taps are available in rounded or angular styles and come in chrome, matt black, brushed gold and brushed Nickel finishes.

Wall Mounted

Wall mounted taps add a touch of luxury to your bathroom. Fixed to your bathroom wall, these taps offer a seamless finish, and can be used as an alternative to a free-standing mixer where a countertop basin is used.

Cold Start Technology

Unlike traditional basin mixers, our ALITA range use a cold start cartridge, this means only cold water is delivered when the water is turned on with the lever in the centre position. Hot water is only delivered when the lever is turned to the left. This encourages the use of cold water in daily rituals that don't necessarily need hot water. While you reduce your hot water consumption you also reduce the energy used to heat the water, reducing CO2 emissions and your energy bills.

Eco Technology

50% flow rate

100% flow rate

The SONAS eco range of basins mixers have been designed, using patented technology, to help reduce water consumption without compromising on performance. They also include a temperature limiter which can be adjusted to your requirements and help save on energy costs as well as being good for the environment. Look for the eco logo to see which products have this technology available.

BATH

SHOWER MIXERS

Deck Mounted

Deck mounted onto your bath, these taps are attached through drilled holes. A diverter allows you to switch between the bath filler or handset outlet. The inclusion of an extendable handheld shower head offers a full bathing or showering experience.

Floor Standing

Ideal for Free Standing baths, these taps allow flexibility when choosing your bath position. Available in a range of stunning finishes and styles from contemporary to traditional. These taps are a first fix consideration. Please consult with your bathroom installer.

4 Hole

Deck mounted on to the bath with separate hot & cold controls with a diverter to switch to a convenient pull-out shower handset. 4 hole mixers requires an additional bath filling device such as a wall spout or overflow filler.

Thermostatic

Available in deck or wall-mounted options. Thermostatic bath mixers work on a pre-set temperature and can react to a sudden change in temperature, thereby avoiding scalding or cold shock.

FILLERS

Deck Mounted

Mounted on the bath through drilled holes, the single outlet mixes hot & cold water to achieve your desired temperature. Deck mounted bath fillers are available in a range of stunning finishes and styles from contemporary to traditional.

Overflow

Overflow bath fillers allows you to fill your bath from a device mounted at the overflow. Overflow bath fillers can be used as an intelligent space-saving solution.

Wall Mounted

These are a contemporary alternative to a conventional bath filler. Adding wall mounted fillers can effect a sleek and streamlined look and feel to your bathroom.

Spout

Designed for baths without pre-drilled tap holes or for Free Standing baths, spout taps are ideal for creating a neat and clutter-free solution when positioned against a wall. Spout bath fillers are available in a choice of projections and finishes.

All measurements are in mm. All prices include VAT. Standard & cloakroom basin mixers include a click clack colour co-ordinated basin waste. Before purchasing taps and showers always ensure your site conditions meet the minimum operating pressure requirements. Please consult your plumber.

SHOWERS

With the frantic hustle and bustle of our modern day living, the shower has become a family favourite space over the last two decades for a quick and easy wash. Showers offer us a great space for cleansing not just our bodies but also a space for clarity while we shampoo and condition! They're also a great way of reducing our water consumption, which is good for the environment too. At SONAS we have a wide range of showers to suit you and your family's needs. Take a look through our buying guide and find the right option for you.

Exposed Showers

Exposed showers are surface mounted onto the finished tiled wall in the showering area. All hand-showers, overhead rain heads, diverters and pipework are integrated into one exposed kit for greater ease.

Concealed Showers

Concealed showers require the body of the valve to be installed behind the wall, with a trim kit fixed to the finished tile. These showers create a minimalist aesthetic by creating clean lines and reducing clutter.

Thermostatic Showers

A thermostatic shower valve features a special cartridge that responds to fluctuations to inlet water temperature and flow rates. These enable you to maintain a constant, safe water temperature while using your shower.

Tip: We consider your choice of concealed or exposed shower valve as first fix decision. A concealed shower valve is installed in a void before tiles are installed. Choosing this option should be decided and communicated to your installer early in your decision making process.

Dual Control – Single Outlet

A dual control shower valve allows you to operate your shower with one single water outlet. The second control enables you to adjust the water temperature to match your desired comfort level.

Dual Control – Dual Outlet

Similar in appearance to the dual control shower valve, the diverter option allows you to switch between two different water outlets. This is ideal for combining a rain head and hand shower option.

Triple Control – Dual Outlet

A triple control valve allows you to run two separate water outlets at the same time. This feature is ideal for running a rain head and body jets simultaneously. The third control adjusts the water temperature to your comfort.

Triple Control – Triple Outlet

A triple control valve with diverter gives the ability to run two separate outlets simultaneously, such as a rain head and bath fillers. The diverter also allows you to switch from a rain head to a hand shower, if needed.

Horizontal Dual Control – Dual Outlet

Designed to work in conjunction with a shower head or a bath filling device, this thermostatically controlled shower valve features an integrated hand shower for your comfort and convenience.

SHOWER ENCLOSURES & TRAYS

Whether your bathroom space allows for a luxurious walk-in shower, or a beautifully crafted shower enclosure, SONAS Bathrooms can manage your needs. All shower enclosures come with Clear Shield Easy Clean glass protection and a reassuring Lifetime Guarantee. Adjustments can vary depending on the range you select. If installing a shower door in a recess, for best results always measure the finished tile to tile opening before selecting your product.

Shower Enclosure & Tray Guide

Bifold

Featuring an inward opening mechanism, bifold doors are an excellent option for compact bathrooms. This innovative design serves as a perfect space-saving solution, especially in smaller bathrooms where a forward-opening door could potentially obstruct fixtures located outside the enclosure.

Corner Entry

Ideal for bathrooms with limited space, corner entry enclosures serve as excellent space savers. Neatly fitting into any size bathroom, they provide a multitude of advantages. With a range of options available, there's a perfect style and size to suit your bathroom.

Pivot

Pivot shower enclosure doors open outwards, creating a spacious showering experience while making access to the shower easy. It's important to ensure there is sufficient space in front of the shower when the door pivots open.

Hinged

These enclosures are hinged on one side and open outwards, giving you ample space to access your shower. Suitable for use in a recess, or add a side panel to create a full enclosure.

Sliding

Sliding door enclosures are space saving in design and are available in a comprehensive range of styles and sizes. These doors can be used in recessed showers, or add a side panel to create a complete shower enclosure.

Quadrant

With a curved front profile, quadrant enclosures offer a generous showering experience, while allowing for additional floor space within the bathroom.

Offset Quadrant

Boasting the same benefits as a quadrant enclosure, the offset enclosures have one side of the tray longer than the other, thereby creating the offset configuration. This allows for more room when showering, while still fitting neatly into the bathroom layout.

Wetroom Panels

The luxurious ASPECT wetroom panels can be fit directly onto a tiled floor, or any of the SONAS Bathrooms shower trays. The extensive range of sizes and styles can help you create your unique and perfect bathroom.

Your Space

Choose the right shower tray by planning ahead. Consider the footprint size you can allow for the tray, and which shape works best for your room.

We have options including square, rectangle and quadrant trays. Your tray may be installed in a recessed or flat to floor application.

Explore our range of styles, including ultra low-profile Slate and acrylic capped low-profile options.

Tray Type

Slate

Slate & Eternity trays are the ultimate in luxury and style. Available in a range of shapes and sizes, they add texture and colour to your shower. Both feature a slip resistant, ultra-thin, 30mm low profile for a smooth finish.

See Pages 230 - 239

Low Profile Acrylic

Finished with a high quality, smooth white acrylic which is stylish and contemporary, comfortable to use and easy to clean. Available in an extensive range of shapes and sizes, with selected options available with integral tiling upstands.

See Page 240

Anti-slip

For added safety and peace of mind, our range of acrylic capped Low Profile trays are available to buy with an Anti-Slip protection applied. If choosing this option, please allow for an approximate delivery time of 2 weeks.

SLATE

Shower Trays

All our SLATE shower trays are made based on the latest material technologies, a combination of resins, gel coat and mineral stone. They are very strong against impact, comparable in this respect to natural stone. It is a product of solid core, strong and stiff, thereby preventing breakage.

FEATURES

- Resin Bonded
- Slip Resistant

BATHS

From large family bathrooms to smaller spaces, SONAS have a wide variety of bath shapes and sizes that will suit any bathroom. The SONAS Bathrooms bath range are designed with your comfort in mind. Transform your bathroom to a hydrotherapy suite by adding a whirlpool system to selected models.

SONIAS Bath Guide

BATHS

Freestanding

Create the “wow” factor in your bathroom with one of our stunning freestanding baths. Suited to all spaces, they create a spa-like, luxurious aesthetic. Freestanding baths grant the freedom to place the bath anywhere in your bathroom.

Straight Baths

Straight baths are a popular and versatile option. Typically wall fitted, they are available in single or double ended styles. Double ended baths have taps fitted along one side of the bath, while single ended have taps at one end.

Shower Baths

Shower Baths are the perfect balance of luxury and practicality. There are 2 styles to choose from: P-shape and L-shape. These baths are wider at the showering area for comfort when standing. Both are available in left or right-handed orientation.

Corner/Offset Baths

The ideal solution for space saving. Corner/Offset baths do not require a long wall as straight baths do, so can be neatly tucked into corners where another bath may not fit. These baths are available in left or right-hand orientation.

Endura Baths

For added durability, our range of Endura baths offer additional layers of GRP Reinforcement compared to a standard bath. Endura baths are available in double and single-ended options.

Whirlpool Baths

Luxurious and affordable, whirlpool baths are great for your well-being. Choose from 8 or 12 jets, with the option of an Aqua Light for added opulence. All SONAS Bathrooms acrylic baths are compatible with our whirlpool systems* excluding freestanding baths.

Reimagine...

The Wonder of Colour

With a multitude of colour possibilities to choose from, why live in a neutral world? It's time for you to reimagine life with hues that you have never seen before.

Customise the exterior of our freestanding baths in any RAL colour possible and add personality to your bathroom. Our baths are available in more than **2500 colours** and with distinctive finishes of your choice.

Let SONAS colour your imagination!

HEATING

Bring comfort and warmth to your bathroom surroundings with the SONAS Heating Collection. This range combines performance and style with great value for money. The SONAS Bathrooms Heated Rail Collections are suitable for most types of conventional heating systems. Complement your heated towel rail / radiator with a coordinated radiator valve from our extensive selection. Relax into instant cosiness with the SONAS Heating Collection.

Vertical

Vertical heated rails make the most of your available wall space, allowing you to choose a wider vanity unit or shower enclosure. These rails offer a striking focal point and are available in innovative contemporary designs.

HEATING

Horizontal

Horizontal heated rails are neat, compact and perfect for placing under windows. This is usually the coldest place in the room. Placing a heated rail here will protect against the cold and makes good use of your wall space.

Ladder

Ladder heated rails are a stylish bathroom staple. These rails are available in three colour options and a variety of sizes. Ladder heated rails offer a sleek and minimalistic look, keeping your towel snug, warm and ready for use.

Traditional

The timeless range of Traditional heated rails are the perfect addition to your classic bathroom design. The timeless range combines form and function and will confer on your space an air of elegance.

Stainless Steel Towel Warmers

Stainless steel is a versatile, strong, and durable material that is resistant to rust and corrosion. Easy to clean, it has a modern appearance, and is environmentally friendly, making it ideal for everyday life.

Speak to your qualified installer about your heating system type and the BTU requirement. BTU (British Thermal Unit) is the measurement used to calculate how much heat output is needed to warm a room. It's important that this is calculated accurately, to make sure your comfort level matches your space.

ARYA Stainless Steel Towel Warmers

Polished Steel

Matt Black

Brushed Gold

Brushed Nickel

Experience the ultimate bathroom upgrade with our ARYA range of stainless steel towel warmers. Crafted from high-quality stainless steel, a strong and durable material, they offer longevity and exceptional heat distribution.

No more waiting for your towels to warm up on chilly mornings. Efficient heat distribution is the key feature of the ARYA range. With rapid heating capabilities, the range provides you with warm towels in a matter of minutes.

What truly sets the ARYA range apart is its remarkable durability and efficiency. Corrosion-resistant, they will maintain their pristine appearance over time, ensuring a long-lasting investment for your bathroom.

Say goodbye to standard radiators and embrace the benefits of premium quality stainless steel.

Features

- Constructed from Grade 304 Stainless Steel
- Highly resistant to rust and corrosion
- Rapid heating
- Exceptional heat retention
- Energy efficient

An architectural drawing of a bathroom. The drawing is a perspective view showing a window with a dark, textured frame and two panes. Below the window is a bathtub with a curved front and a faucet. The drawing uses fine lines and cross-hatching for shading and texture. The background is a light blue wash.

TECHNICAL SPECIFICATION

We know precision is an important part of planning your dream bathroom, that's why in the following section we have collated specific technical information on the **SONAS Bathrooms** products featured in this brochure.

All the basic detail and information you require is presented in an easy to use format, however should you require any further information or general advice, please do not hesitate to contact your approved **SONAS** dealer.

Planning tips to help you design your dream bathroom

- 1 Measure your bathroom carefully. Using our grid on the opposite page draw out your bathroom space to scale.
- 2 Accurately mark out all fixtures such as doors, windows and radiators, also making note of which way and how much the door protrudes into the room.
- 3 Draw in shapes to best represent your bathroom items: wc, basin etc.

Using the scale 1 square = 100mm

Scale: 1 square = 100mm

VIA

PRODUCT GUARANTEES

At SONAS Bathrooms our products have become the benchmark for others to follow. Our ranges are specifically tailored to meet the requirements of Homeowners, Installers and Trade Professionals.

All our products are manufactured to appropriate industry standards and where required to the necessary EN and UKCA standards. For your additional peace of mind, we fully support our product guarantees with our technical support and spare parts after sales service.

In the event that you do encounter a problem with a SONAS product please contact us with the details of the fault and a proof of purchase from the SONAS dealer where the item was bought and we will do the rest. All after sales or technical queries can be emailed directly to info@sonasbathrooms.co.uk which will be answered by one of our in-house qualified plumbing advisors.

(*) Cartridges and flexi hoses in Eco and cold start ranges covered by 15-year warranty, 2 years on all other models.

Cleaning & Maintenance

- All products should be cared for with a regular and suitable cleaning regime.
- The use of aggressive cleaning agents should be avoided and in particular on chrome, brass and aluminium surfaces a soft damp cloth and warm soapy water is sufficient.
- Suitable ventilation should be provided and in cases of bathroom furniture materials are water resistant but not water proof, therefore regular maintenance and the removal of excess water on or around the product is necessary to avoid damage.

Exclusions of Guarantee

- Incorrect installation not in accordance with fitting instructions and best plumbing practice.
- Failure to care for and maintain product as per care & maintenance guidelines.
- Improper use of product not in accordance with the intended use and limitations of the product specifications.
- Wilful or negligent damage.
- Damage caused by specific environmental circumstances, excess or negative pressure in the line, insufficient operating pressure as per the product technical specifications, limescale or hard water, aggressive cleaning agents or chemicals.
- If excess water levels are found in vanity units.
- Scratches or defects reported post installation.
- Products that are fitted and then reported damaged.
- Ex display items.

All prices are recommended retail and include VAT
